

**GENERAL PERMIT  
 BWEW-GP-10  
 ABANDONED MINE RECLAMATION**

1. **GENERAL DESCRIPTION AND AUTHORITY** - The Department of Environmental Protection hereby authorizes, by general permit, subject to the terms and criteria set forth below, the construction, operation or maintenance of an encroachment or water obstruction for reclamation of an abandoned mining site, where the Department has issued a notice of intent to forfeit the bond for a mining activity permitted after August, 1977 and before July, 1982. This authorization is under Section 7 of the Dam Safety and Encroachments Act, (32 P.S. §693.7) and the rules and regulations promulgated thereunder at 25 Pa. Code §§105.441 - 105.449.
2. **DENIAL OF AUTHORIZATION** - The Department shall have the discretion, on a case-by-case basis, to deny, revoke or suspend the authorization to use this general permit for any project which the Department determines to have a substantial risk to life, property or the environment or otherwise could not be adequately regulated by the provisions of this general permit.
3. **SITES AND CONDITIONS WHERE THIS GENERAL PERMIT DOES NOT APPLY** - This General Permit does not apply and is not valid in the following situations:

- a. Projects located where there would be an impact on species of special concern listed under the Endangered Species Act of 1973, the Wild Resources Conservation Act, the Fish and Boat Code or the Game and Wildlife Code. Records regarding species of special concern are maintained in a computer database called the "Pennsylvania Natural Diversity Inventory" (PNDI). To verify that there will be no such impacts for a specific project, complete the Pennsylvania Natural Diversity Inventory (PNDI) Form and submit it to the person conducting the online PNDI Project Planning and Environmental Review Tool search. This person performing the search could be someone from DEP, the County Conservation Districts, or a consultant. Alternatively, if you plan to conduct the PNDI online search yourself – a search form is not needed prior to the PNDI online search.

After conducting a PNDI online search, if your PNDI Project Environmental Review Receipt has "Potential Impacts," DEP and the jurisdictional agencies require that you submit additional information to the agencies noted on the Receipt for further review. Please send a copy of the PNDI Receipt, a completed PNDI Form, and a USGS 7.5 minute quadrangle map with project boundaries delineated on the map to the agencies referenced on your PNDI Receipt.

- b. Construction activities in stocked trout streams from March 1 through June 15, wild trout streams from October 1 through December 31 and Lake Erie tributaries from September 1 through December 1, unless approval is obtained from the Pennsylvania Fish and Boat Commission's Division of Environmental Services (see "Exhibit A"). Stocked and wild trout stream locations are compiled by the Commission's Division of Fisheries Management (see "Exhibit A").

4. **DEFINITIONS** - The terms as used in this General Permit shall have the following meanings:

**BODY OF WATER** - A natural or artificial lake, pond, reservoir, swamp, marsh or wetland.

**OWNER** - Any person who owns, controls, operates, maintains, or manages a dam or reservoir, water obstruction, or encroachment.

**PERSON** - Any natural person, partnership, association, corporation, public utility, municipality, municipal authority, political subdivision of the Commonwealth, receiver or trustee and any department, board, commission or authority of the Commonwealth.

**RECLAMATION** - Those actions set forth in the forfeiting operators permit taken to restore the area affected by surface and underground mining activities as required by 25 Pa. Code Chapters 86-89 and for which State and/or Federal reclamation funding is used to perform the reclamation.

REGULATED WATERS OF THE COMMONWEALTH - All watercourses, streams or bodies of water and their floodways wholly or partly within or forming part of the boundary of this Commonwealth.

RESERVOIR - Any basin, either natural or artificial, which contains or will contain the water or other fluid or semifluid impounded by a dam.

STOCKED TROUT STREAM - A stream classified as approved trout waters by the Fish and Boat Commission. For current designations of stocked trout streams contact the Division of Fisheries Management (see "Exhibit A").

WATERCOURSE - Any channel or conveyance of surface water having defined bed and banks, whether natural or artificial, with perennial or intermittent flow.

WETLANDS - Those areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adopted for life in saturated soil conditions, including swamps, marshes, bogs and similar areas.

WILD TROUT STREAMS - A stream classified as supporting reproducing trout populations by the Fish and Boat Commission. For current designations of wild trout streams, contact the Division of Fisheries Management (see "Exhibit A").

5. OTHER PERMITS - Nothing in this General Permit relieves the owner(s) of the obligation of complying with all Federal, Interstate Compact and State laws, regulations and standards for the construction, operation or maintenance of the activities covered by this General Permit.
6. REGISTRATION FOR USE - Prior to construction, the owner(s) shall submit two copies of the completed Notification to Use ("Exhibit D") along with two copies of the location map and processed PNDI to the Permitting and Technical Services Section or the County Conservation District ("Exhibit B" and "Exhibit C"). The notification must be sent to the County Conservation District only if there is a delegation agreement between the Department and the District. A copy of "Exhibit D" shall also be sent to the municipality and county in which the work will be performed. The owner(s) may not begin work until he has received an acknowledgement from the Permitting and Technical Services Section or County Conservation District that the "Exhibit D" notification has been received and registered.
7. FEES - The fee required for a project authorized under this General Permit shall be consistent with 25 PA Code §105.13 (relating to regulated activities – information and fees).
8. EFFECTIVE TIME PERIOD - This General Permit will remain in effect indefinitely unless specifically modified, suspended or revised by the Department.
9. SUSPENSION, MODIFICATION OR REVOCATION - The Department may suspend, modify or revoke this General Permit at any time upon notice in the Pennsylvania Bulletin.
10. PROJECT INTERFERENCE - This General Permit does not authorize any interference with any existing or proposed local, State, Federal or Federally licensed project, and permittee shall not be entitled to compensation for damage or injury to the work authorized herein which may be caused by or a result of existing or future operations undertaken by the United States or the Commonwealth of Pennsylvania or its Political Subdivisions in the public interest.
11. CONDITIONS
  - a. Any archeological artifacts discovered during the performance of work authorized under this General Permit must be adequately protected and their discovery promptly reported to the Bureau for Historic Preservation, Pennsylvania Historical and Museum Commission, 400 North Street, Second Floor, Harrisburg, PA 17120-0093, Telephone (717) 783-2891.

- b. All excess fill or excavated and dredged material shall be deposited and immediately stabilized outside floodways, floodplains, wetlands and other regulated waters of this Commonwealth. Waste materials, scrap or excess construction materials shall be collected, stored and disposed of in accordance with the Solid Waste Management Act (35 P.S. §§6018.101 - 6018.1003) and the regulations promulgated thereunder.
  - c. Owner(s) shall investigate for drinking water intakes or reservoirs to public and private water supplies within 5 miles downstream of the reclamation site and written notice shall be given at least 10 days prior to construction to operators of such intakes or reservoirs. Owner(s) shall notify public and private water supply operators and the Department immediately and no longer than 1 hour after an occurrence at the reclamation site which results in the release of suspended solids and turbidity to the drinking water supply, including both surface and groundwater sources, that maintain the quality or quantity of the drinking water supply.
  - d. Reclamation projects shall not extend beyond the reclamation site.
  - e. During construction activities, all public and private property including existing vegetation, landscape features and monuments within, along and adjacent to the work area, shall be protected and preserved to the maximum degree possible. This shall include, but not be limited to, precautions taken to minimize damage, erosion, injury, or destruction; prevent pollution; provide protection of all trees and other woody plants; special care being taken to protect the natural vegetation and surroundings to include all natural drainageways, ponds, lakes, swamps, woods and fields; and storage of materials in such manner to prevent leaching which would be injurious to soils and to plants. Precautions should be taken to prevent damage to pipes, conduits and other underground structures.
  - f. The owners shall notify the Fish and Boat Commission's Regional Field Office Manager (see "Exhibit A") responsible for the County where the activities are proposed 10 days prior to start of construction. Written notification is suggested. The project site shall at all times be available for inspection by authorized officers and employees of the Fish and Boat Commission.
  - g. Prior to the use of explosives in a watercourse or body of water, the permittee shall secure a written permit from the Fish and Boat Commission, pursuant to the Fish and Boat Code, Act 1980-175, 30 Pa.C.S. 2906 (relating to permits for use of explosives). Requests should be directed to the Fish and Boat Commission, Division of Environmental Services (see "Exhibit A").
  - h. Prior to construction, approval must be obtained from the Fish and Boat Commission's Division of Environmental Services for use of this project on reclamation sites bordering (1) stocked trout streams from March 1 through June 15 and (2) wild trout streams from October 1 through December 31.
  - i. All temporary road crossings of the regulated waters of the Commonwealth in areas unaffected by mining activities shall be constructed in accordance with the design standards and conditions of General Permit BWEW-GP-8.
  - j. Prior to construction, the property owner of the abandoned mine site shall be sent, by certified mail, a questionnaire inquiring whether there are existing facilities on site such as ponds, wetlands or diversion ditches which the property owner wants left in place in their present condition. Construction may not be commenced until receipt of the complete questionnaire.
12. DEPARTMENT INSPECTION - As a condition of use of this General Permit, and of the owner's authority to conduct the activities authorized by this General Permit, the owner hereby authorizes and consents to allow authorized employees or agents of the Department or County Conservation District, without advance notice or a search warrant, at any reasonable time and upon presentation of appropriate credentials, and without delay, to have access to and to inspect all areas where the project is being constructed, operated or maintained. The authorization and consent shall include consent to conduct tests or sampling, to take photographs, to perform measurements, surveys and other tests, to inspect the methods of construction, operation or maintenance, to examine and copy books, papers and records pertinent to any matter under investigation, and to take any other action necessary to assure that the project is constructed, operated or maintained in accordance with the

terms and criteria of the General Permit. This General Permit condition is referenced in accordance with section 16 of the Dam Safety and Encroachments Act (32 P.S. §693.16) and in no way limits any other powers granted under the Dam Safety and Encroachments Act.

13. **ACTIVITIES NOT IN ACCORDANCE WITH THE TERMS OR CONDITIONS** - If the Department or County Conservation District determines, upon inspection, that the construction, operation or maintenance of a project has violated the terms or criteria of this General Permit, the Chapter 105 and 102 Rules and Regulations or the appropriate NPDES permit for discharge of stormwater from construction activities, the Department may take such actions, legal or administrative, that it may deem to be appropriate.
14. **PROPERTY RIGHTS** - This General Permit does not convey any property rights, either in real estate or material or in any exclusive privileges; nor does it authorize any injury to property or invasion of rights or any infringement of Federal, State or local laws or regulations.
15. **OTHER APPROVALS** - The owners shall secure all other approvals that may be necessary under other Federal, State or local laws or regulations.
16. **EROSION AND SEDIMENT CONTROL PLAN** - Work must be done in compliance with Chapter 102 (relating to Erosion Control) and/or under the appropriate NPDES permit for discharge of stormwater from construction activities. Prior to construction, an Erosion and Sediment Control Plan must be reviewed and determined adequate by the County Conservation District in which the activities are proposed and implemented prior to, during and after construction. The County Conservation District shall be notified ten (10) days prior to the start of construction. The project site shall at all times be available for inspection by authorized employees of the County Conservation District. The Erosion and Sediment Control Plan shall be available at the site.

EXHIBIT D

NOTIFICATION TO USE  
BDWW-GP-10  
ABANDONED MINE RECLAMATION

<b>ACKNOWLEDGED:</b>
DATE _____
GP _____

1. I/We, \_\_\_\_\_  
(owner name(s))  
hereby notify the Department of Environmental Protection of our intent to \_\_\_\_\_

\_\_\_\_\_ (description of activity)

at a point \_\_\_\_\_  
(describe location)

in \_\_\_\_\_, \_\_\_\_\_  
(municipality) (county)

2. I/We have attached a LOCATION MAP of the abandoned mine reclamation indicating the site and a copy of the PNDI form with initialed Search Receipt.

3. I/We have enclosed duplicate copies of EXHIBIT D, the LOCATION MAP, and PNDI form with initialed Search Receipt.

4. I/We certify that copies of this notification were sent this day \_\_\_\_\_  
(date)

to \_\_\_\_\_, and \_\_\_\_\_  
(municipality) (County - Commissioner's Office)

5. I/We certify that an EROSION AND SEDIMENT CONTROL PLAN for this project will be submitted for review by the contractor to the \_\_\_\_\_ County Conservation District prior to construction activities. No earthmoving activities will commence without plan approval.

Signed by: \_\_\_\_\_ (print name) \_\_\_\_\_ (owner address)  
 \_\_\_\_\_ (owner signature) \_\_\_\_\_ (city/state/zip code)  
 \_\_\_\_\_ (title, if applicable) \_\_\_\_\_ (owner telephone number)

6. All temporary road crossings of the regulated waters of the Commonwealth in areas unaffected by mining activities shall be constructed in accordance with the design standards and conditions of General Permit BDWM-GP-8.

Signed: \_\_\_\_\_

## CHAPTER 105 FEE(S) CALCULATION WORKSHEET

Additional information can be found at [25 PA Code §105.13](#) (relating to regulated activities – information and fees), the General Permit Registration ([3150-PM-BWEW0500](#)), the Joint Permit Application ([3150-PM-BWEW0036](#)) and the Dam Permit Application ([3140-PM-BWEW0001](#))

**Federal, State, county or municipal agencies or municipal authorities:**

**EXEMPT from fees**

These entities are exempt from these fees. If the applicant falls into one of these categories, please check the box above and provide only the first page of this worksheet with the project application or registration.

**ALL OTHERS:**

1. Please place an “X” in the box next to all authorizations that apply to the project and complete the fee information below those authorization(s). Projects may require multiple authorizations and fees, further clarification and examples are included below and at the end of this document.
2. Total each authorization, Section, and Part. Part One is for Water Obstructions and Encroachment authorizations, Part Two is for Dam Safety authorizations.
3. Please provide this completed worksheet (page 1 and page 2 and/or page 3, as is appropriate to the project) and a check for the applicable fee(s) with the project application or registration. The check should be made payable to the “**Commonwealth of Pennsylvania Clean Water Fund**” OR “**\_\_\_\_\_ Conservation District Clean Water Fund**”, whichever is the reviewing entity.

**NOTES:**

Per 25 PA Code §105.13(c)(2)(iii) Disturbance review fees are calculated by individually adding all of the permanent and temporary impacts to waterways, floodways, floodplains and bodies of water including wetlands to the next highest tenth acre and multiplying the permanent and temporary impacts by the respective fees and then these amounts are added to the other applicable fees.

Entities proposing structures or activities to occupy a Submerged Lands of the Commonwealth must obtain a Submerged Lands License Agreement (SLLA) and pay the appropriate annual charge. The applicant will be contacted if this charge applies to the project.

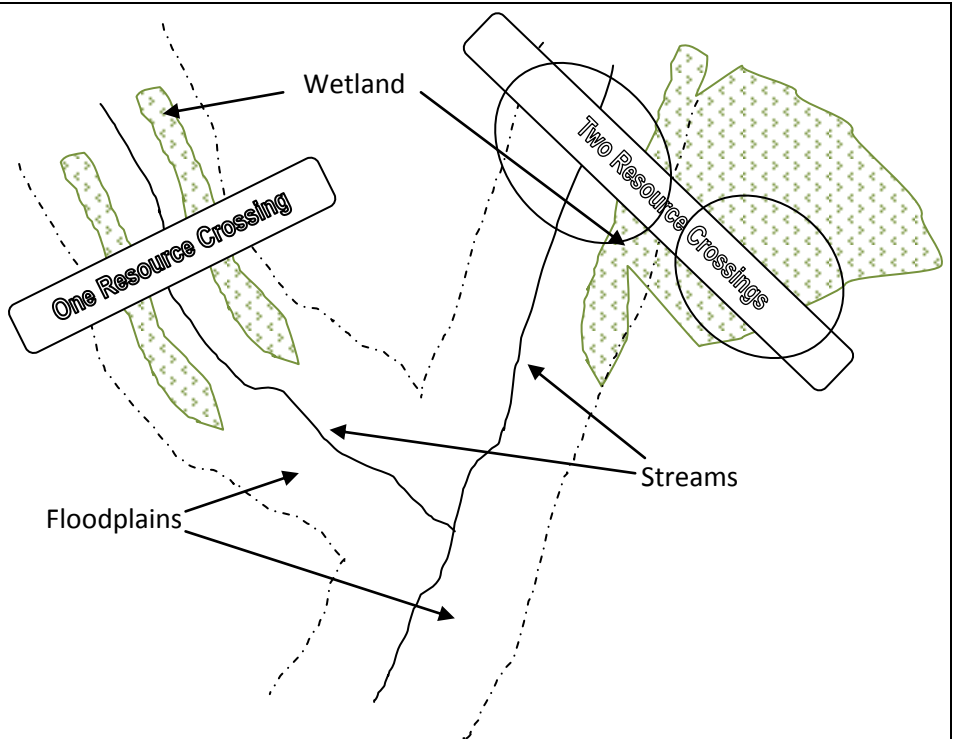

**Floodway** – The channel of the watercourse and portions of the adjoining floodplains which are reasonably required to carry and discharge the 100-year frequency flood. Unless otherwise specified, the boundary of the floodway is as indicated on maps and flood insurance studies provided by FEMA. In an area where no FEMA maps or studies have defined the boundary of the 100-year frequency floodway, it is assumed, absent evidence to the contrary, that the floodway extends from the stream to 50 feet from the top of the bank of the stream.

**Wetland and Stream Clarification:**

<sup>1</sup> In many instances, wetlands are located within the floodplain of a stream. These resources for the purposes of calculating disturbance fees are considered co-located or overlapping and the area of disturbance would only be used once.

<sup>2</sup> In the case of GP-5, GP-7 and GP-8 fees are charged per structure per resource crossing and the following also applies to the disturbance fees:

- A crossing of the stream and the floodplain with wetlands present within the floodplain is considered one resource crossing.
- When the crossing traverses a stream and the floodplain and a wetland that is located outside of the floodplain or a wetland that extends out beyond the floodplain, it is considered two resource crossings.

# PART ONE: WATER OBSTRUCTIONS AND ENCROACHMENTS

## SECTION A. APPLICATION FEES

**WATER OBSTRUCTION AND ENCROACHMENT PERMIT (Joint Permit Application)**

Some activities or structures within a project may also qualify for an accumulation of General Permit fees, please mark the box above indicating an Individual Water Obstruction and Encroachment Permit AND the corresponding fee(s) in the General Permit section below those. Activities or structures not qualifying for a General Permit fee must include a disturbance fee.

<input type="checkbox"/> Administrative Filing Fee <sup>1</sup> .....		\$ 1,750	+

FEE TOTAL: _____	Permit / Authorization Number (s): _____
Correct Amount: _____	Check #: _____
Check amount: _____	Payable to: _____

**GP Fee Explanation (#):**

GP #	Description	Fee	Fee Explanation (#)
GP-1	Fish Habitat Enhancement Structures	\$ 50	Fee is assessed per project not per individual structure.
GP-2	Small Docks and Boat Launching Ramps	\$175	Fee is assessed per individual dock or boat ramp. The fee is the <b>number of docks and ramps</b> totaled times the fee.
GP-3	Bank Rehabilitation, Bank Protection and Gravel Bar Removal	\$250	Fee is assessed per project and not individual bank or gravel bar removal locations. Only one single and complete project along a continuous stream reach not exceeding 500 feet measured down centerline of stream. Additional projects or areas must be separately registered and the fee would apply to each registration.
GP-4	Intake and Outfall Structures	\$200	Fee is assessed per individual intake or outfall structure. The fee is the total <b>number of structures</b> times the fee.
GP-5 <sup>2</sup>	Utility Line Stream Crossings <sup>2</sup>	\$250	Fee is assessed per individual utility line or conduit crossing (a wetland and stream crossing may be separate crossings even if adjacent). The fee is the total <b>number of utility lines</b> times the <b>number of resource crossings</b> times the fee.
GP-6	Agricultural Crossings and Ramps	\$ 50	Fee is assessed per individual crossing or ramp structure. The fee is the total <b>number of crossings and ramps</b> times the fee.
GP-7 <sup>2</sup>	Minor Road Crossings <sup>2</sup>	\$350	Fee is assessed per individual minor road crossing (a wetland and stream crossing may be separate crossings even if adjacent). The fee is the total <b>number of road crossings</b> times the fee.
GP-8 <sup>2</sup>	Temporary Road Crossings <sup>2</sup>	\$175	Fee is assessed per individual temporary road crossing (a wetland and stream crossing may be separate crossings even if adjacent). The fee is the total <b>number of temporary road crossings</b> times the fee.
GP-9	Agricultural Activities	\$ 50	Fee is assessed per project not per individual structure or activity. Multiple projects can be registered under a single registration and as such the fee is applied to each project and then totaled.
GP-10	Abandoned Mine Reclamation	\$500	Fee is assessed per project not per individual activity. Multiple projects can be registered under a single registration and as such the fee is applied to each project and then totaled.
GP-11 <sup>1</sup>	Maintenance, Testing, Repair, Rehabilitation, or Replacement of Water Obstructions and Encroachments <sup>1</sup>	\$750	Fee is assessed for each registration package (can include multiple activities or structures) <b>and is added to the permanent and temporary disturbance review fees</b> calculated for each registration package respectively.
GP-15 <sup>1</sup>	Private Residential Construction in Wetlands <sup>1</sup>	\$750	Fee is assessed for each registration package (can include multiple activities or structures) <b>and is added to the permanent and temporary disturbance review fees</b> calculated for each registration package respectively.

**Water Obstruction and Encroachment Examples:**

1. **GP-7 Minor Road Crossing:** Minor road crossing of a stream that qualifies for BDWM GP-07.

**GENERAL PERMIT(S)** (select activity/structure(s) below)

Some activities or structures within a project requiring an Individual Water Obstruction and Encroachment Permit may qualify for an accumulation of General Permit fees, please mark the corresponding fee(s) below but not the box above indicating a General Permit.

GP-7 Minor Road Crossings..... 1 (#) x \$ 350 = \$ 350  
**GP(s) FEE subtotal (b) \$ 350**

2. **Joint Permit Application for Individual Water Obstruction Encroachment Permit:** The project proposes to construct an access road requiring the placement of fill in 0.27 acres of wetlands as part of a residential subdivision.

Administrative Filing Fee ..... \$ 1,750 +  
 Temporary Disturbance (\$400/0.1ac)..... 0.0 acres x \$4,000 = \$ 0 +  
 Permanent Disturbance (\$800/0.1ac)..... 0.3 acres x \$8,000 = \$ 2,400 = \$ 4,150  
**WO&E FEE subtotal (a) \$ 4,150**

**3. Joint Permit Application for Individual Water Obstruction Encroachment Permit:** The project proposes to construct an access road and utility line through a wetland and stream. The road will require placement of fill in 0.28 acres of wetlands, placement of a 45 foot long x 36 inch CMP in the stream and placement of fill in the floodway for road approaches to the culvert (east approach 35 feet wide x 4 feet deep x 50 feet long and west approach 35 feet wide x 2 feet deep x 15 feet). The utility line is 30 inch diameter steel pipe carrying petroleum products. The utility line will be open trenched through the wetland with a permanent right of way of 50 feet x 350 feet and an additional construction right of way 25 feet x 350 feet. The utility line will be open trenched traversing through the entire floodway and stream with a permanent right of way totaling 50 feet x 68 feet (east floodway 50 feet x 50 feet, stream 50 feet x 3 feet and west floodway 50 feet x 15 feet) and an additional construction right of way 25 feet x 68 feet.

Resource/Impact Type	Permanent	Temporary

<b>GP(s) FEE subtotal (b)</b>			<b>\$ <u>2,200</u></b>

**PART ONE: SECTION A. APPLICATION FEE(S) subtotal (a+b=c)      \$ 5,550**

**Dam Safety Examples:**

**5. New Dam Permit Application:** This project proposes to construct a 25-foot high dam that has a maximum storage of 500 acre-feet of water. This dam would be classified as a size category “C” dam per §105.91. There is one home and one roadway within the inundation area downstream of the dam. This dam would have a hazard classification of “2”. All stream and wetland impacts are covered under the Dam Permit Application. An Environmental Assessment is required as part of the Dam Permit Application, but a separate fee is not required.

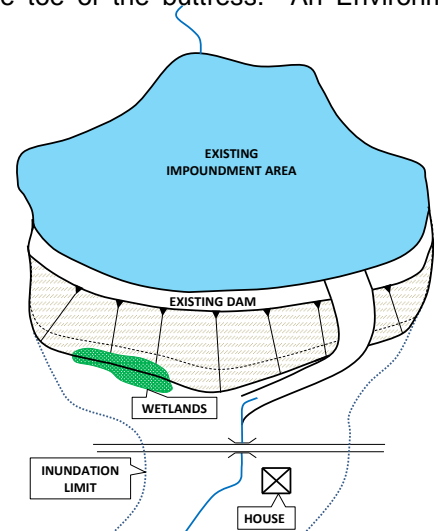

**DAM SAFETY APPLICATION FEES  
(TO BE FILED WITH DAM SAFETY WITH THE DAM PERMIT APPLICATION)**

**DAM PERMIT APPLICATION – NEW DAM**

<input checked="" type="checkbox"/> Size C	<input type="checkbox"/> Hazard 1 \$10,500	<input checked="" type="checkbox"/> Hazard 2 \$10,500	<input type="checkbox"/> Hazard 3 \$10,000	<input type="checkbox"/> Hazard 4 \$8,000	<u>\$ 10,500</u>
<b>DAM SAFETY FEE total</b>					<b>\$ 10,050</b>

**6. Letter of Authorization with Environmental Assessment:** This project proposes to modify a 25-foot high dam that has a maximum storage of 500 acre-feet of water. This dam would be classified as a size category “C” dam per §105.91. The proposed modification involves buttressing the downstream slope of the dam with soil to improve the stability. The total project cost will be \$100,000. A small wetland area will be impacted near the toe of the buttress. An Environmental Assessment will be required to assess the impacts to the wetland.

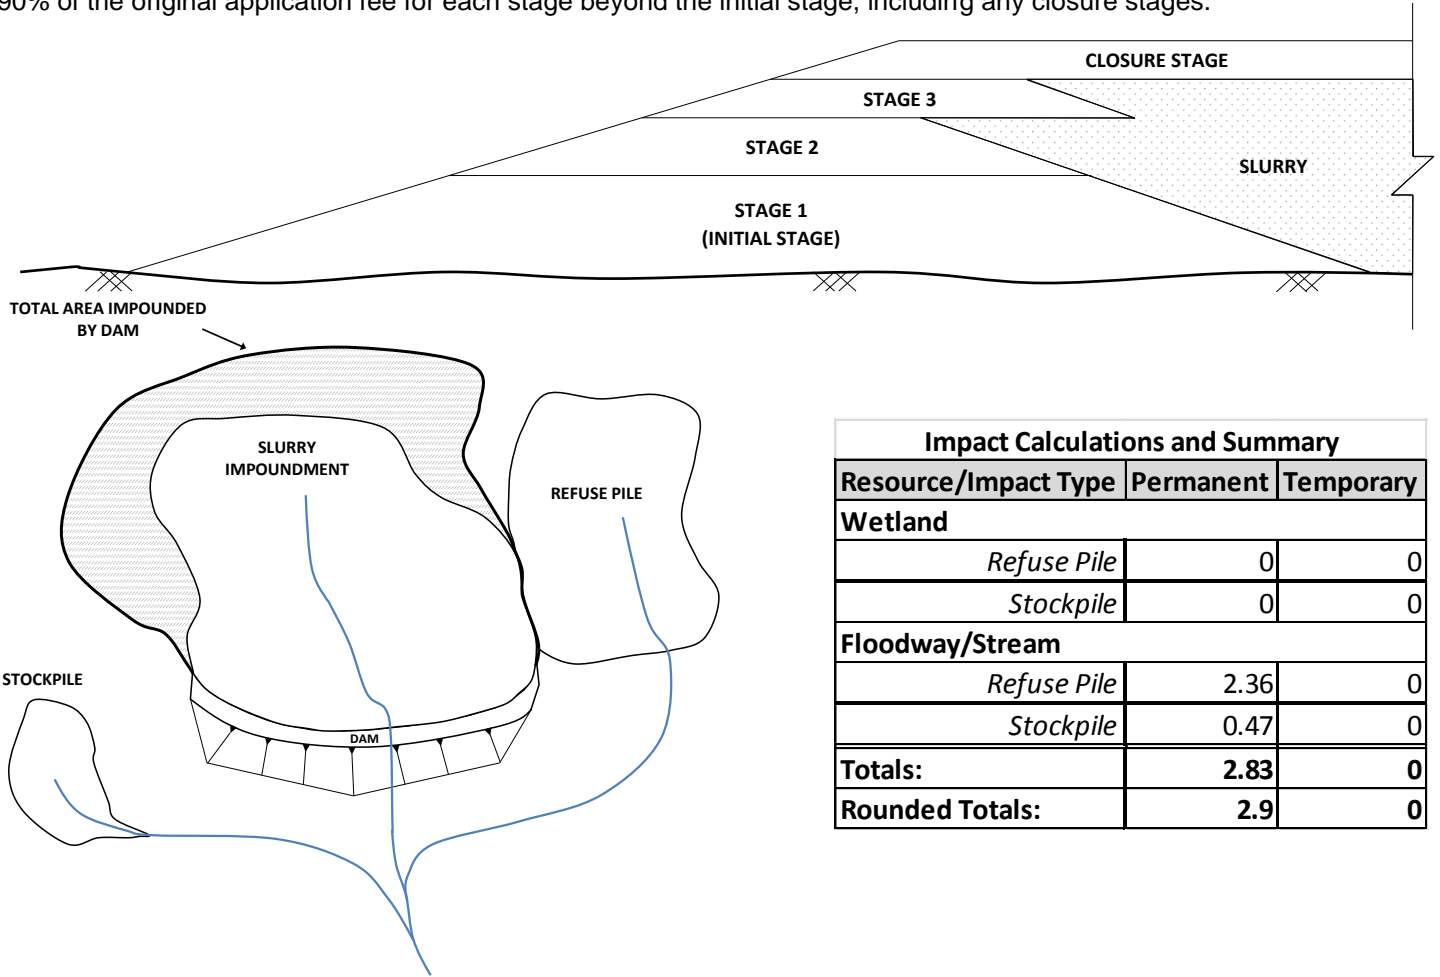

**DAM SAFETY FEES**

<input checked="" type="checkbox"/> Letter of Amendment or Authorization		
<input checked="" type="checkbox"/> Minor (<\$250,000)		
<input type="checkbox"/> Size A \$ 1,300	<input type="checkbox"/> Size B \$ 1,000

<input checked="" type="checkbox"/> Size C	\$ 900	<u>\$ 900</u>
<b>DAM SAFETY FEE total</b>		<b>\$ 1,550</b>

**7. New Dam Permit Application with Staged Construction and Disturbance Review Fees:** The project proposes to construct a staged construction, high hazard dam, to be utilized for containing a slurry impoundment. There will also be a refuse pile constructed adjacent to the slurry impoundment impacting 1000 linear feet of stream, causing a permanent disturbance to the 3-foot wide stream and 50 feet of floodway on either side of the stream [1000 x (50+3+50)]. A refuse stockpile will also impact 200 linear feet of stream, causing a permanent disturbance to the 3-foot wide stream and 50 feet of floodway on either side of the stream [200 x (50+3+50)]. The Dam Safety Application Fee will include the application fee for the applicable size and hazard classification of the dam. The Dam Safety Application Fee will also include a fee equal to 90% of the original application fee for each stage beyond the initial stage, including any closure stages.

**WATER OBSTRUCTION AND ENCROACHMENT FEES**

(TO BE FILED WITH DEP REGIONAL OFFICE, COUNTY CONSERVATION OFFICE, OR DISTRICT MINING)

<input checked="" type="checkbox"/> Administrative Filing Fee		\$1,750
<input type="checkbox"/> Temporary Disturbance (\$400/0.1ac)	0.0 acres x \$4,000 =	
<input checked="" type="checkbox"/> Permanent Disturbance (\$800/0.1ac)	2.9 acres x \$8,000 =	\$23,200
<b>WO&amp;E FEE total</b>		<b>\$24,950</b>

**DAM SAFETY APPLICATION FEES**

(TO BE FILED WITH DAM SAFETY WITH THE DAM PERMIT APPLICATION)

<input checked="" type="checkbox"/> <b>DAM PERMIT APPLICATION – NEW DAM</b>		
<input checked="" type="checkbox"/> Size A	<input checked="" type="checkbox"/> Hazard 1 \$26,500	<input type="checkbox"/> Hazard 2 \$26,500
<input type="checkbox"/> Hazard 3 \$25,500	<input type="checkbox"/> Hazard 4 \$23,500	\$ 26,500
<input checked="" type="checkbox"/> <b>STAGED CONSTRUCTION</b>		
No. OF STAGES BEYOND INITIAL STAGE <u>3</u> X APPLICATION FEE \$26,500 X 0.90 (90%)		\$ 71,550
<b>DAM SAFETY FEE total</b>		<b>\$ 98,050</b>

**8. New Dam Permit Application with Staged Construction:** The project proposes to construct a staged construction, high hazard dam, to be utilized for containing a slurry impoundment and refuse pile. A refuse stockpile will also impact 200 linear feet of stream, causing a permanent disturbance to the 3-foot wide stream and 50 feet of floodway on either side of the stream [200 x (50+3+50)]. The Dam Safety Application Fee will include the application fee for the applicable size and hazard classification of the dam. The Dam Safety Application Fee will also include a fee equal to 90% of the original application fee for each stage beyond the initial stage, including any closure stages.

Impact Calculations and Summary		
Resource/Impact Type	Permanent	Temporary
<b>Wetland</b>		
Refuse Pile	0	0
Stockpile	0	0
<b>Floodway/Stream</b>		
Refuse Pile	0	0
Stockpile	0.47	0
<b>Totals:</b>	<b>0.47</b>	<b>0</b>
<b>Rounded Totals:</b>	<b>0.5</b>	<b>0</b>

### PASPGP-5 REPORTING CRITERIA CHECKLIST

The following questionnaire must be completed (instructions on pages 1-6) and submitted as part of all DEP Chapter 105 applications / registrations to determine the appropriate Federal Pennsylvania State Programmatic General Permit-5 (PASPGP-5) review procedure. **Incomplete submissions, including lack of certification signature, will be returned.**

Applicant / Project Name:	County(s):
---------------------------	------------

#### SECTION A: ELIGIBILITY DETERMINATION

- YES  NO  1. Does the proposed work associated with the Single and Complete Project temporarily and/or permanently impact greater than 1.0 acre of waters and/or wetlands, and/or result in the loss of greater than 1,000 linear feet of stream channel(s)?
- YES  NO  2. Is any of the proposed work located waterward of the ordinary high water mark (OHWM) of any of the ineligible waterbodies identified in the instructions?
- YES  NO  3. Has any portion of the proposed work been denied a DEP Chapter 105 Permit, a State Water Quality Certification as required under Section 401 of the Clean Water Act, or a Coastal Zone Consistency Determination?
- YES  NO  4. Does the proposed work result in the diversion of more than 10,000 gallons per day of surface water or groundwater into or out of the Great Lakes Basin (Lake Erie Watershed)?

\*\*\*\*\*

#### SECTION B: REPORTING ACTIVITY DETERMINATION

- YES  NO  1. Does proposed work associated with a Single and Complete Project, including any attendant features, permanently and/or temporarily impact greater than 0.5 acre of waters of the United States, including jurisdictional wetlands?
- YES  NO  2a. Does the application/registration include any proposed Single and Complete Projects permanently impacting greater than 250 linear feet of streams, rivers, or other watercourses (excluding wetlands)?
- YES  NO  2b. Is the Single and Complete Project for stream bank stabilization, rehabilitation, protection and/or enhancement and propose impacts of greater than 500 linear feet of stream channel(s)?
- YES  NO  2c. Does the Single and Complete Project qualify for DEP GP1 for Fish and Enhancement Structures?
- YES  NO  2d. Is the project covered by a programmatic state water quality certification issued by - that is conditioned upon receiving approval by- the Environmental Review Committee?
- YES  NO  3. Does the application/registration include any Single and Complete Projects that propose the permanent conversion of greater than 0.10 acre of forested and/or shrub-scrub wetlands in association with a regulated activity?
- YES  NO  4. If the application/registration is for a utility line, do any of the single and complete projects in waters of the United States, including jurisdictional wetlands, exceed 500 linear feet (excluding overhead lines)?
- YES  NO  5. Is this application/registration to place a buried utility line in waters and/or wetlands in a manner that the utility line will run parallel to or along a stream bed?

**SECTION B: REPORTING ACTIVITY DETERMINATION (CONT)**

YES  NO  6. Is your application/registration associated with a Single and Complete Project whereby a previous Department of the Army authorization has been issued through an Individual Permit, a Nationwide Permit, or a PASPGP processed by the Corps as a Category III/Reporting Activity? **If YES, please complete the following table.**

Authorization Type	Authorization Number	Date (mm/dd/yyyy)	Federal Permitted Impacts	
			Wetlands	Waters

- YES  NO  7a. Is your proposed project located in waterways occupied by Federally listed, proposed, or candidate mussels or fish, or in waters of the United States within 300 feet of these listed waterways? *See instructions for list of waterways.*
- YES  NO  7b. If 7a is yes, have you received documented clearance from the USFWS, or a Section 7 of the Endangered Species Act (ESA) "no effect" determination from the Corps? Documented clearance from the USFWS could include PNDI language stating "NO KNOWN IMPACT"; or, if in a USFWS letter the language must indicate "no effect" or "the project or activity will not affect Federally listed species."
- YES  NO  8a. Does your project propose impacts to Federally regulated wetlands in a county that requires bog turtle screening procedures? *See instructions for list of counties.*
- YES  NO  8b. If 8a is YES, have you received documented clearance from the USFWS, or a Section 7 ESA "no effects" determination from the Corps? Documented clearance from the USFWS could include PNDI language stating "NO KNOWN IMPACT"; or, if in a USFWS letter the language must indicate "no effect" or "the project or activity will not affect Federally listed species."
- YES  NO  9a. Does your completed Pennsylvania Natural Diversity Inventory (PNDI) search receipt identify a potential conflict(s) for a Federally listed species?
- YES  NO  9b. If YES for 9a, have you received additional documented Section 7 ESA clearance, or do you agree, through signing of the PNDI receipt, to comply with all avoidance measures identified on the PNDI receipt associated with Federally listed species for the proposed work?
- YES  NO  10. Is the proposed work associated with maintenance dredging of a reservoir's design storage capacity, including the removal of accumulated sediments? This corresponds to activities authorized pursuant to Section 7 of the Dam Safety and Encroachments Act (DSEA), 32 P.S. § 693.1, et seq., and the rules and regulations promulgated there under in the PA Bulletin (codified at 25 PA. Code, Chapter 105, § 105.131(c)).
- YES  NO  11a. If the DEP Chapter 105 application/registration requires submittal of a Cultural Resources Notification Form as part of the application/registration, have you included the response letter from the State Historic Preservation Officer (SHPO), i.e., Pennsylvania Historic and Museum Commission (PHMC) with your application/registration?
- YES  NO  11b. Has the PHMC determined that archaeological or other cultural resources are believed to exist within the permit area?
- YES  NO  11c. If yes for 11b, have you received follow-up documented clearance from PHMC, or a Section 106 "no effect" determination from the Corps?
- YES  NO  12a. Does the proposed work occur in a component of the National Wild and Scenic River System or in a river officially designated by Congress as a "Study River" for possible inclusion in the System? *See instructions for listing.*
- YES  NO  12b. If yes for 12a, have you received a written determination from the Federal agency with direct management responsibility for such river that the proposed activity will not adversely affect any Wild and Scenic River including study rivers?
- YES  NO  13. Does the proposed project require the preparation of an Environmental Impact Statement?
- YES  NO  14. Does the proposed regulated activity or area of indirect impact (secondary impact) extend across state boundaries (i.e., the work is not wholly located within the Commonwealth of Pennsylvania)?

**SECTION B: REPORTING ACTIVITY DETERMINATION (CONT)**

- YES  NO  15. Is the proposed work authorized pursuant to DEP Chapter 105 permits in conjunction with coal and non-coal mining permits issued by the DEP District Mining Offices (Bureau of Mining and Reclamation), including activities authorized pursuant to Chapter 105 Waiver 4 [25 Pa. Code §105.12(a)(4)] and GP-101 and GP-102]?
- YES  NO  16. Is the proposed work associated with the construction of a Mitigation Bank or In Lieu Fee site developed to meet the requirements of the Corps and EPA April 10, 2008 Compensatory Mitigation for Losses of Aquatic Resources: Final Rule?
- YES  NO  17. Will the proposed work alter, use, build upon, attempt to possess, or that may harm or impair any existing or proposed Corps Civil Works project, and any Corps-owned or managed property?
- YES  NO  18a. Does the Single and Complete Project involve the construction or expansion of a residential, commercial or institutional subdivision or development?
- YES  NO  18b. Does greater than 0.25 acre of wetland(s) exist within the property boundary that are not proposed to be directly impacted as part of this application/registration? **If YES, provide wetland acreage: \_\_\_\_\_ acres.**
- YES  NO  18c. Are you proposing to protect the wetland area(s) through a deed restriction or conservation easement that follows the Corps' Model Protective Covenant?
- YES  NO  19. Does the proposed work temporarily impact waters and/or wetlands that will exist for more than 1 year?
- YES  NO  20. Do you have any other pending applications/registrations with the DEP or Corps that are necessary for this total proposed project to function and meet its intended purpose? **If YES, provide following information.**

Application / Registration Number / Type	Project Name	Date of Submittal to DEP (mm/dd/yyyy)	DEP / CCD Reviewing Office	Corps Reviewing Office

- YES  NO  21. Are you proposing to do work in the Delaware River (upstream from the U.S. Route 202 Bridge in New Hope, Pennsylvania.) and/or the Lehigh River (from the mouth to Francis E. Walter Dam, located in Carbon and Luzerne County, Pennsylvania between March 15 and June 30)?
- YES  NO  22a. Does the proposed work occur in any of the waters listed in the instructions?
- YES  NO  22b. Will you comply with all of the identified conservation measures?

\*\*\*\*\*

### SECTION C: CERTIFICATION

I certify that the information provided on this form is true and correct to the best of my knowledge and information. If any of the information and/or plans is found to be in error, falsified, and/or incomplete, your Chapter 105/PASPGP-5 authorization/verification may be subject to modification, suspension, or revocation in accordance with applicable regulations.

\_\_\_\_\_  
Signature of Applicant

\_\_\_\_\_  
Date

\_\_\_\_\_  
Name Typed or Printed

\*\*\*\*\*

### IMPERVIOUS SURFACE DATA FOR CORPS

YES  NO  1a. Is your project located in the Corps of Engineers Philadelphia District (Delaware River Watershed), or in Chester, Lancaster, or York County?

YES  NO  1b. Does your project propose impervious surfaces within waters and wetlands? **If YES, provide area of impervious surface within the footprint of waters and wetlands:** \_\_\_\_\_ square feet

YES  NO  1c. Does any part of your project propose the removal of any impervious surfaces? **If YES, provide area of impervious surface being removed:** \_\_\_\_\_ square feet

### FOR DEP USE ONLY

\_\_\_\_\_  
DEP / District Manager Signature

\_\_\_\_\_  
Date

\_\_\_\_\_  
Name Typed or Printed

\_\_\_\_\_  
Permit Number

for Pennsylvania Chapter 105 Water Obstruction and Encroachment application/registration and US Army Corps of Engineers Section 404 application

**INSTRUCTIONS:**

Please begin to complete the Aquatic Resource Impact Table by including the Applicant's Name / Client (upper right of the page) for each page. Also, complete the Project / Site Name (upper left of the page) and the date of application/registration package submission (upper right, under Applicant's Name / Client). Then complete one row of data for each regulated (DEP Chapter 105 and Corps Section 404) structure or activity and type of impact for the proposed project based on the instructions for each column below; add additional worksheets if needed. Provide completed Aquatic Resource Impact Table with Chapter 105 Water Obstruction and Encroachment application/registration; **DO NOT submit instructions (page 1) for this table.**

Project / Permit Number		DEP / Corps USE ONLY
<b>DEP Permit Number:</b>		<i>leave blank</i> , it will be completed by DEP upon permit acknowledgement/issuance/verification.
<b>Single and Complete Project Number:</b>		<i>leave blank</i> , it will be completed by DEP/Corps upon permit acknowledgement/issuance/verification.
<b>Crossing Number:</b>		<i>leave blank</i> , it will be completed by DEP upon permit acknowledgement/issuance/verification.

Project Information		<i>provide the appropriate information based on the details on each impact for the project</i>
<b>Structure / Activity Identifier:</b>		provide a unique identifier for each regulated structure and/or activity being proposed, typically a name and number; this same unique identifier should be used in all aspect of the permit registration/application package.
<b>Aquatic Resource:</b>		indicate if the structure or activity is impacting a stream or wetland
<b>Aquatic Resource Type:</b>		select/provide the type of aquatic resource (based on wetland or stream) being impacted; Stream: select/provide the type of stream being impacted: perennial, intermittent, ephemeral stream or stream floodway Wetland: select/provide the type of wetland being impacted: PEM, PSS, PFO or POW wetland
<b>Latitude (nad 83):</b>		provide the latitude of the aquatic resource impact in decimal degrees
<b>Longitude (nad 83):</b>		provide the longitude of the aquatic resource impact in decimal degrees
<b>Work proposed / impact type:</b>		select/provide the type of work proposed to impact the resource; aerial, boring, excavation or fill
<b>Waters Name:</b>		provide the name of the stream or wetland (if available)
<b>PA Code Chapter 93 Designation:</b>		provide the Chapter 93 designation for the aquatic resource

Corps / 404 area		<i>provide the appropriate information based on the aquatic resource impact within the Section 404 jurisdictional area, list all impacts separately.</i>
<b>Corps Impact Type:</b>		select/provide the type of aquatic resource impact; temporary, permanent or n/a; indicate "n/a" if you are not proposing any work in, over, or under waters and/or wetlands
<b>Stream Impact:</b>	<b>WIDTH</b> <b>LENGTH</b> <b>AREA</b>	provide the linear feet, measuring from top of bank to top of bank, of transverse and/or full channel fill stream impacts; indicate "n/a" if impact is to a wetland OR if "n/a" to Corps Impact Type provide the linear feet, measuring down the center line of stream, of transverse and/or full channel fill stream impacts; indicate "n/a" if impact is to a wetland OR if "n/a" to Corps Impact Type provide the square feet area of direct and indirect/secondary stream impact; dewatering or fill placed in stream channel such as rip rap or fish habitat; indicate "n/a" if impact is to a wetland OR if "n/a" indicated above to Corps Impact Type
<b>Wetland Impact:</b>	<b>AREA</b>	provide the square feet area of impacts to wetlands; indicate "n/a" if impact is to a stream OR if "n/a" to Corps Impact Type

PADEP / 105 area		<i>provide the appropriate information based on the aquatic resource impact within Chapter 105 jurisdictional area, list all impacts separately.</i>
<b>PADEP Impact Type:</b>		select/provide the type of aquatic resource impact; temporary or permanent.
<b>Floodway Impact:</b>	<b>AREA</b>	provide the square feet area of direct and indirect/secondary 100-year floodway impact, including watercourse; indicate "n/a" if impact is to a wetland.
<b>Wetland Impact:</b>	<b>AREA</b>	provide the square feet area of impacts to wetlands; indicate "n/a" if impact is to a stream

Project / Site Name: Example Project Date: July 1, 2016

### How to Use the PNDI Large Project Form

**If your Project is a “Large Project”**— too large/long to search on the online system  
Projects are considered “Large Projects” when the ENTIRE project is:

- Linear/Large Projects that exceed the PNDI online project size limits of 10 miles in length or 1200 acres
- Township-wide, Countywide or Statewide Projects. Examples: Act 537 Sewage Plans, Wind Farms, Roadway Improvements exceeding map limits above.

Due to system limitations and agency requirements, projects should not be submitted piecemeal. The entire project area including roads and infrastructure should be submitted as a single unit.

### What to Send to Jurisdictional Agencies

Send the following information to all of the agencies listed on the Large Project Form.

#### Check-list of Minimum Materials to be submitted:

- Completed Large Project Form
- Supplemental project narrative with a description of the overall project, the work to be performed, current physical characteristics of the site and acreage to be impacted.
- USGS 7.5-minute Quadrangle with project boundary clearly indicated, and quad name on the map

#### The inclusion of the following information may expedite the review process.

- GIS shapefiles depicting the project extent
- A basic site plan (particularly showing the relationship of the project to the physical features such as wetlands, streams, ponds, rock outcrops, etc.)
- Color photos keyed to the basic site plan (i.e. showing on the site plan where and in what direction each photo was taken and the date of the photos)
- Information about the presence and location of wetlands in the project area, and how this was determined (e.g., by a qualified wetlands biologist), if wetlands are present in the project area, provide project plans showing the location of all project features, as well as wetlands and streams

### PNDI Large Project Form Definitions

**Applicant:** Person that owns the property or is proposing the project or activity

**Contact Person:** Person to receive response if different than applicant (e.g. Consultant)

**Project Name:** Descriptive title of project (e.g. Twin Pines Subdivision, Miller Bridge Replacement)

**Proposed Activity:** Include ALL earth disturbance activities for project (e.g. for a timber sale—include stream crossings, cutting areas and new roadway accesses). Also include Current Conditions (e.g. housing, farmland, current land cover), and how Construction/Maintenance Activity is to be accomplished

**Total Acres of Property:** Entire site acreage (e.g. timber sale property—including road access (200 acres)

**Acreage to be Impacted:** Disturbance acreage (e.g. timber sale—if the property is 200 acres, but only 100 acres will be disturbed, for example: cutting on 90 acres, a road impacting 10 acres); include all temporary and permanent activities
